SCHEDULE 1

Project Description

The objective of the Project is to improve living conditions for rural communities in the Project Area inter alia by fostering increased access to basic infrastructure and services, sustainable increase of income, improved natural resource management practices and promotion of an integrated approach to community-based development among various stakeholders.

The Project consists of the following parts:

Part A: Financing for Execution of Investments Selected under the PDP Framework.

Carrying out of selected investments encompassing works, equipment, tools, materials, consultants’ services and training, to sustain development activities in the following areas:

(i) Construction and rehabilitation of water harvesting infrastructure, establishment and rehabilitation of public and private irrigation schemes; and construction of drinking water supply systems.

(ii) Construction and rehabilitation of rural feeder roads.

(iii) Development of sustainable agricultural production systems through improved delivery of agricultural extension and advisory services, improvement of pastoral, sylvo-pastoral, and forested areas, dissemination of climate-resilient farming practices, diversification of rural economic activities, and promotion of efficient water and soil conservation practices.

Part B: Development and Promotion of Use of Treated Wastewater in Agriculture

1. Carrying out of: (a) a feasibility study aimed at assessing, costing and testing the options to maximize benefits to be derived from the use of treated wastewater produced from the Greater Tunis area and transferred to rural areas; and (b) an assessment of degraded lands susceptible to being improved through the use of treated wastewater for agricultural purposes, and for adapting and mitigating the impact of climate change.

2. Development of pilot schemes to demonstrate the value and benefits to be derived from the use of treated wastewater to preserve and intensify agricultural production systems on degraded lands.
Part C: Institutional Strengthening and Sensitization to Environmental Issues and IPA Methodology

1. Strengthening the capacity of institutions involved in implementation of the Project at the national, regional and local levels including RCADs and ADGs through the provision of logistical support, technical advisory services and adequate training programs.

2. Strengthening the CCU’s capacity to manage the Project efficiently including ensuring adequate monitoring and evaluation, and compliance with all safeguard measures related to implementation of the environment and social protection framework.

3. Development and execution of a communication and sensitization action plan aimed at raising awareness on environmental themes and IPA methodology.
SCHEDULE 2

Project Execution

Section I. Institutional and Other Arrangements

A. Institutional Arrangements

1. The Recipient shall: (a) ensure overall Project coordination through the CCU; and (b) maintain the CCU with functions and responsibilities satisfactory to the Bank and with staff in adequate numbers whose qualifications and experience are at all times satisfactory to the Bank.

2. The Recipient shall implement the Project in accordance with the provisions of the POPM and shall not amend, suspend, abrogate, repeal or waive any provision of the POPM without prior approval by the Bank.

3. By December 31, 2010, the Recipient shall establish and thereafter maintain an adequate monitoring and evaluation system designed to monitor progress achieved in the execution of the Project.

B. Anti-Corruption

The Recipient shall ensure that the Project is carried out in accordance with the provisions of the “Guidelines on Preventing and Combating Fraud and Corruption in Projects Financed by IBRD Loans and IDA Credits and Grants”, dated October 15, 2006 (“Anti-Corruption Guidelines”).

C. Safeguards

1. The Recipient shall: (i) cause the Project to be carried out in conformity with the provisions of the SDR, the FDESP and the RPF; (ii) inform the Bank of any developments in the Environmental Legislation applicable to, and that may affect the implementation of, the Project; and (iii) not change, modify or otherwise amend said SDR, FDESP and RPF in a manner inconsistent with the Project, without prior concurrence of the Bank.

2. The Recipient shall cause MAWRF to ensure that: (i) prior to the carrying out of any Project activities not identified, assessed, nor included in the FDESP, such activities shall be subject to an Environmental Assessment, under terms of reference and in form and substance satisfactory to the Bank; and (ii) mitigating and monitoring measures for impacts of said activities are carried out in accordance with the provisions of the SDR and the FDESP.
3. The Recipient shall, in the context of the reports referred to in Section II.A.1 of this Schedule, cause to be prepared and provided to the Bank for its review reports on the application of the provisions of the FDESP to Project activities. The Bank may provide comments as appropriate on said reports, notably to agree with the MAWRF on remedial actions to be taken by the MAWRF to achieve compliance with the SDR, and the FDESP and the RPF.

4. The Recipient shall ensure that any activity under Part A and Part B.2 of the Project, requiring land acquisition is carried out in accordance with the RPF.

Section II. Project Monitoring, Reporting and Evaluation

A. Project Reports; Completion Report

1. The Recipient shall monitor and evaluate the progress of the Project and prepare Project Reports in accordance with the provisions of Section 2.06 of the Standard Conditions and on the basis of the indicators agreed with the Bank. Each Project Report shall cover the period of one calendar semester, and shall be furnished to the World Bank not later than forty five (45) days one month after the end of the period covered by such report.

2. The Recipient shall prepare the Completion Report in accordance with the provisions of Section 2.06 of the Standard Conditions. The Completion Report shall be furnished to the World Bank not later than six months after the Closing Date. In order to assist the Recipient in preparing the Completion Report, the Recipient shall employ consultants in accordance with the provisions of Section III of this Schedule.

B. Financial Management; Financial Reports; Audits

1. The Recipient shall ensure that a financial management system is maintained in accordance with the provisions of Section 2.07 of the Standard Conditions.

2. The Recipient shall ensure that interim unaudited financial reports for the Project are prepared and furnished to the World Bank as part of the Project Report not later than forty five (45) days after the end of each calendar semester, covering the semester, in form and substance satisfactory to the World Bank.

3. The Recipient shall have its Financial Statements for the Project audited in accordance with the provisions of Section 2.07 (b) of the Standard Conditions. Each such audit of the Financial Statements shall cover the period of one fiscal year of the Recipient. The audited Financial Statements for each such period shall be furnished to the World Bank not later than six months after the end of such period.
Section III. Procurement
