C. The capitalized terms used below in this Schedule to describe particular procurement methods or methods of review by the Association of particular contracts, have the meanings ascribed to them in the Procurement Guidelines, or Consultant Guidelines, as the case may be.

Section II. Particular Methods of Procurement of Goods, Works and Services (other than Consultants’ Services)

A. International Competitive Bidding. Except as otherwise provided in Part B of this Section, contracts shall be awarded on the basis of International Competitive Bidding. B. Other Procurement Procedures

1. National Competitive Bidding. (a) Goods estimated to cost less than $100,000 equivalent per contract and works estimated to cost less than $1,000,000 equivalent per contract, may be procured under contracts awarded on the basis of National Competitive Bidding, including the clarifications set forth in paragraph (b) of this Part B.1 required for compliance with the provisions of the Guidelines.

   (b) The procedures to be followed for National Competitive Bidding under this Part B.1 shall be those set forth in Law No. 3 for 1997 concerning Government Tenders, Auctions and Stores, and its Regulations, with the following modifications required for compliance with paragraph 3.3 of the Guidelines:
(i) a Borrower-owned enterprise in the Republic of Yemen shall be eligible to bid only if it can establish that it is legally and financially autonomous, operates under commercial law, and is not a dependent agency of the Borrower;

(ii) bidding (or pre-qualification, if required) shall not be restricted to any particular class of contractors or suppliers, and non-registered contractors and suppliers shall also be eligible to participate;

(iii) tenders shall be advertised for at least two (2) consecutive days in two (2) local newspapers of wide circulation;

(iv) prospective bidders shall be allowed a minimum of thirty (30) days for the preparation and submission of bids, such thirty (30) days to begin with the availability of the bidding documents or the advertisement, whichever is later;

(v) until national standard bidding documents acceptable to the Association are available, bidding documents approved by the Association shall be used, and may be prepared in Arabic;

(vi) registration shall not be used to assess bidders’ qualifications; qualification criteria (in case pre-qualification was not carried out) and the method of evaluating the qualification of each bidder shall be stated in the bidding documents, and before contract award the bidder having submitted the lowest evaluated responsive bid shall be subject to post-qualification;

(vii) a foreign bidder shall not be required to register or to appoint an agent as a condition for submitting its bid and, if determined to be the lowest evaluated responsive bidder, shall be given reasonable opportunity to register, without let or hindrance; the registration process shall not be applicable to sub-contractors;

(viii) all bids shall be submitted in sealed envelopes and may be submitted, at the bidder’s option, in person or by courier service;

(ix) all bids shall be opened at the same time in a public bid opening which bidders shall be allowed to attend and which shall follow immediately after the deadline for submission of bids;
(x) evaluation of bids shall be carried out in strict adherence to the criteria declared in the bidding documents and contracts shall be awarded to the lowest evaluated responsive bidder, without resorting to the rejection of bids above or below a certain percentage of the pre-bid estimate (bid price bracketing);

(xi) no bidder shall be requested or permitted to modify its bid after the bid closing date shall have elapsed and bids submitted after the deadline for submission of bids shall be returned to the bidder unopened;

(xii) post-bidding negotiations with the lowest or any other bidder shall not be permitted;

(xiii) under exceptional circumstances, the procuring entity may, before the expiration of bid validity, request all bidders in writing to extend the validity of their bids, in which case bidders shall not be requested nor permitted to amend the price or any other condition of their bids; a bidder shall have the right to refuse to grant such an extension without forfeiting its bid security, but any bidder granting such extension shall be required to provide a corresponding extension of its bid security;

(xiv) price adjustment provisions may be included in contracts for works with a duration of more than one year;

(xv) rejection of all bids is justified when there is lack of effective competition, or bids are not substantially responsive, however, lack of competition shall not be determined solely on the basis of the number of bidders; and

(xvi) each contract financed from the proceeds of the Credit shall provide that the contractor or supplier shall permit the Association, at its request, to inspect their accounts and records relating to the performance of the contract and to have such accounts and records audited by auditors appointed by the Association.
