TN RTP- P157702- Procurement Arrangements and Thresholds- SUBSTANTIAL RISK

1. Procurement for the proposed project will be carried out in accordance with the Bank’s Procurement Regulations for Borrowers for Goods, Works, Non-Consulting and Consulting Services dated July 1, 2016 and applicable to Investment Project Financing (IPF) here in after referred to as “Regulations”. The project will be subject to the Bank’s anticorruption Guidelines\(^3\), dated October 15, 2006, and revised in January 2011 and as of July 1, 2016.

2. As per the requirement of the Regulations, a Project Procurement Strategy Document (PPSD) has been developed, based on which the procurement plan has been prepared and sets out the selection methods to be followed by the Borrower during project implementation in the procurement of goods, works, non-consulting and consulting services financed by the Bank. The Procurement Plan will be updated annually for larger procurements like NCB or as required to reflect the actual project implementation needs and improvements in institutional capacity.

3. **Procurement methods**: The table below describes various procurement methods to be used for activities financed by the loan. These along with agreed thresholds will be reproduced in the procurement plan. The thresholds indicated in the following table apply to the initial 18 month implementation period and are based on the procurement performance of the project; these thresholds may be subsequently modified.

The procurement plan will be subsequently updated annually (or at any other time if required) and will reflect any change in prior review thresholds. The prior review thresholds will be mutually reviewed during project implementation and modified based on the risk assessment.

6.
