(a) Applicable Procurement Procedure

Bidding shall be conducted in accordance with the Open Bidding Procedure, as defined in Chapter Two of the Public Procurement Law of Mongolia enacted on December 1, 2005 (as amended through February 5, 2016) and related provisions, subject to the following:

(b) Participation in Bidding and Preferences

(i) Government-owned enterprises in Mongolia shall be eligible to participate in bidding only if they can establish that they are legally and financially autonomous, operate under commercial law, and are not a dependent agency of the Recipient.

(ii) A bidder declared ineligible by the Association, based on a determination by the Association that the bidder has engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for or in executing a contract financed by the Association, shall be ineligible to be awarded a contract financed by the Association during the period of time determined by the Association.

(iii) A firm which has been engaged by the Recipient to provide consulting services for the preparation or implementation of a project, and any of its affiliates, shall be disqualified from subsequently providing goods or works resulting from or directly related to the firm’s consulting services for such preparation or implementation. This provision does not apply to the various firms which together are performing the contactor’s obligations under a turnkey or design and build contract.

(iv) Prospective bidders shall be permitted to request bidding documents either in person or by mail upon submission of a written application. Bidding documents shall be sold to anyone who is willing to pay the required fee for the bidding documents which shall not exceed the cost of reproduction and delivery of such documents.

(v) Interested foreign bidders from eligible countries shall be allowed to participate without being required to associate or form joint ventures with local bidders. Foreign bidders shall be eligible to participate in bidding under the same conditions as local bidders. Mongolian bidders and goods
of Mongolian origin shall be given no preference over foreign bidders, either in the bidding process or in the evaluation of bids.

(vi) Prior registration shall not be a requirement for any bidder to participate in bidding.

(vii) Pre-qualification of contractors shall not be required, except in the case of large or complex works and with the prior written concurrence of the Association.

(c) Advertising, Time for Bid Preparation

Invitation to bid shall be advertised in at least one widely circulated national newspaper, allowing sufficient time, normally a minimum of 30 days, for the preparation and submission of bids. Bidding documents may be distributed electronically provided that the Association is satisfied with the adequacy of such electronic system.

(d) Standard Bidding Documents

Standard bidding documents, acceptable to the Association, shall be used. The bidding documents shall provide clear instructions on how bids should be submitted, how prices should be offered, and the place and time for submission and opening of bids. Bidders shall be allowed to submit bids by hand, by mail or by courier.

(e) Assessment of Bidder Qualification

Qualification criteria shall be clearly specified in the bidding documents, and all criteria so specified, and only criteria so specified, shall be used to determine whether a bidder is qualified. The evaluation of the bidder’s qualifications shall be conducted separately from the technical and commercial evaluation of the bid. When post qualification is applied, the assessment of bidder’s qualifications shall be carried out only after the preliminary and detailed evaluation of bids has been completed by the Recipient and, in doing so, the qualifications of the bidder who has submitted the lowest evaluated substantially responsive bid shall be assessed first. The evaluation of a bidder’s qualifications shall only take into account the bidder’s capacity and resources to perform the contract, specifically its experience and past performance on similar contracts, capabilities with respect to personnel, equipment and construction or manufacturing facilities and financial capacity. In carrying out the post-qualification assessment, the Recipient shall exercise reasonable judgment in requesting, in writing, from a bidder only missing factual or historical supporting information related to the bidder’s qualifications and shall provide a reasonable time period (that is, a minimum of seven days) to the bidder to provide his response.
(f) **Evaluation Criteria**

Evaluation criteria to be used in the evaluation of bids shall be clearly specified in the bidding documents, and evaluation criteria other than price shall be quantified in monetary terms. Merit points shall not be used in bid evaluation. The evaluation of bids shall be done in strict adherence to the criteria specified in the bidding documents, and contracts shall be awarded to the qualified bidder offering the lowest evaluated and substantially responsive bid.

(g) **Bid Opening and Bid Evaluation**

(i) Bids shall be opened in public, immediately upon the stipulated deadline for submission of bids. Bidder's representatives and the project's beneficiaries from the concerned local community who choose to attend shall be allowed to attend. The name of the bidder and total amount of each bid, including discounts, shall be read aloud and recorded in the Bid Opening Record. Bids received after the deadline for bid submission shall be rejected and returned to the bidders unopened. Immediately after completion of the bid opening proceedings, a copy of the Bid Opening Record shall be posted at a prominent location, accessible to the public, outside the office of the concerned procuring entity and shall be retained at the same location until the award of contract has been notified. A copy of the Bid Opening Record shall be promptly provided to all bidders who submitted bids. With respect to all contracts which are subject to the Association's prior review, the Recipient shall provide the Association a copy of the Bid Opening Record.

(ii) All bids shall not be rejected or new bids invited without the Association's prior written concurrence.

(iii) No bid shall be rejected merely on the basis of a comparison with the owner's estimated cost or budget ceiling without the Association's prior written concurrence.

(iv) A bid containing material deviations from or reservations to the terms, conditions or specifications of the bidding documents shall be rejected as not substantially responsive. A bidder shall not be permitted to withdraw material deviations or reservations once bids have been opened. Bidders shall not be eliminated from detailed evaluation on the basis of non-material, minor deviations or reservations.

(v) Bidders shall be requested to extend the validity of their bids only under exceptional circumstances and, in all such cases, the Recipient shall communicate such request in writing to all bidders before the date of expiry of their bids. In such a case, bidders shall not be requested nor
permitted to amend the price or any other condition of their bid. Bidders shall have the right to refuse to grant such an extension of the validity of their bids without forfeiting their bid securities, but bidders granting such extension shall be required to provide a corresponding extension of their bid security.

(vi) In the case of contracts of more than eighteen (18) months’ duration, the bidding documents and the resultant contracts shall provide for price adjustment, based on a formula acceptable to the Association, which shall be disclosed to the bidders in the bidding documents.

(vii) The bid of a bidder which refuses to accept arithmetical corrections made by the Evaluation Committee during the evaluation of its bid shall be rejected.

(viii) A bidder shall not be required, as a condition for award, to undertake obligations not specified in the bidding documents or otherwise to modify its bid as originally submitted.

(ix) There shall be no post-bidding negotiations with the lowest evaluated bidder or any other bidder. No bidder shall be required, as a condition for the award of contract, to change his bid price or otherwise materially alter his bid after it has been submitted.

(h) Suppliers, Contractors and Subcontractors

(i) The Association shall declare a firm ineligible, either indefinitely or for a stated period, to be awarded a contract financed by the Association, if it at any time determines that the firm has, directly or through an agent, engaged in corrupt, fraudulent, collusive, coercive or obstructive practices in competing for, or in executing, a contract financed by the Association.

(ii) Bidding documents and contracts under national competitive bidding procedures financed by the Association shall include a provision requiring suppliers, contractors and subcontractors to permit the Association to inspect their accounts and records relating to the bid submission and the performance of the contract by the suppliers, contractors and/or subcontractors as the case may be, and to have them audited by auditors appointed by the Association, if so required by the Association. The deliberate and material violation by the suppliers, contractors or subcontractors of such provision may amount to obstructive practice which is subject to sanctions under the Guidelines.
(i) **Publication of Award of Contract**

The Recipient shall publish the following information on contract award on an accessible website when it becomes operational or on another means of publication acceptable to the Association: (a) name of each bidder who submitted a bid; (b) bid prices as read out at bid opening; (c) name and evaluated price of each bid that was evaluated; (d) name of bidders whose bids were rejected and the reasons for their rejection; and (e) name of the winning bidder, price it offered as well as the duration and summary scope of the contract award. This publication shall be updated quarterly.

(j) **Complaints by Bidders and Handling of Complaints**
